📍 72a Sydenham Road, Norwood

STAGE 1

Home Building Goals

Preliminary discussion to obtain a clear understanding of your project

Budget vs Design

Review your preferred budget, specifications and strategy to bridge the gap between your budget vs design for your new home

Room by Room Analysis

Undertake a step by step analysis of each room and understand your wants and needs of the home

Site Assessment

Digital & Personal Site Assessment, preliminary council feedback & photos (where required)

Your Home Design

We design/find your new home design, presentation & review any adjustments you may have

Begin Stage 2

STAGE 2

The Ideal Builder

Overall builder discussion about what you would like in a builder

Builder Selection

Shortlist top 2 builders most suitable for your project. We'll get a formal price from one and an estimate from another

Get the Right Price

Cross check building costs to ensure the best value outcome

Understand the Costs

Liaise with your chosen builder to adjust and modify costs (where required)

Present Costs

Costing & inclusions presentation and review

Begin the building journey with your builder
